A. S. BATCHELLOR, JUSTICE MUNICIPAL COURT.

Examined and found correct.

JAMES W. REMICK, AUDITOR.

EXTRACTS FROM LAWS RELATING TO POLICE COURTS, PROSECUTIONS AND COSTS.

SECTION 23, CHAPTER 112. The selectmen shall prosecute, at the expense of the town, every person guilty of a violation of any previous section of this chapter, [Chapter 112, Public Statutes, relating to sale of spiritous or intoxicating liquor], of which they can obtain reasonable proof; and if any selectman shall neglect his duty as specified in this section, he shall be fined not more than two hundred dollars. But this provision shall not be construed to prevent any person from making complaint, and instituting and carrying on prosecutions for such offenses; and such complainant, whether a town or city by its officers, or an individual, shall be entitled to one-half of every fine collected through such prosecution.

SEC. 2, CHAP. 256. Unless otherwise specially provided, all fines and forfeitures imposed by a justice of the peace for offenses against the police of towns, and violations of by-laws of towns, shall be for the use of the town in which the offense was committed; all fines and forfeitures imposed by a police court shall be for the use of the town in which the court is established; and all other fines and forfeitures shall be for the use of the county within which the offense was committed.

SEC. 3. Every justice of the peace and police court shall pay over to the town or county to which any fine or forfeiture accrues every such fine or forfeiture by him received, within six months after the receipt of the same. Upon default thereof, he shall forfeit double the amount of such fine or forfeiture to any person who will sue therefor.

SECT. 9, CHAP. 556. All legal costs attending the arrest, examination, or conveyance of an offender, except when directed or approved in writing by the counsel of the state, or county commissioners, shall be paid by the complainant.

SECT. 34, CHAP. 112. Every solicitor, upon receiving the written statement, under oath, of any person of good character

that he knows or believes any designated person is guilty of a violation of any provision of this chapter, reciting the probable source of proof of such violation, shall, if any person of good character will make the necessary complaint, forthwith institute a prosecution against such person for the offense. If any solicitor shall refuse or unreasonably neglect to draw such complaint and institute such prosecution, after receiving such statement, he shall be fined one hundred dollars for every such refusal or neglect.

SECT. 35, CHAP. 112. It shall be the duty of county solicitors to prosecute all offenses against this chapter to final judgment and sentence, without granting any delay or indulgence to offenders.

Municipal Court.

REPORT OF THE JUSTICE.

TO THE SELECTMEN:

This court was established in 1874. A recommendation to that effect was made to the governor in accordance with the provisions of chapter 196 of the General Statutes by vote at the annual meeting March 10 of that year. It was also voted that the compensation of the Justice be one hundred dollars, provided that the fees accruing in the exercise of the office to that amount should belong to the town, and that all over that amount should belong to the Justice. (Town Records, Vol. 11, page 10.) At a special town meeting, May 1, 1880, the vote of March 10, 1874, relating to the compensation of the justice was rescinded. The justice and special justice were by this order allowed only the fees paid in the administration of the office. (Town Records, Vol. 11, page 388.) This was the result of an unfortunate controversy which temporarily divided the people on personal and party lines. (Town Records, Vol. 11, page 388.) At this time also the Selectmen were authorized to procure a room for the transaction of the business of the court. (Town Records, Vol. 11, page 402.) It was further required that an inventory of the furniture belonging to the town and used in the room should be taken and kept by the selectmen. For a long time the court room was in the Opera hall building in the rear of the Union hall building. In 1894, provision was made by the town for a court room in the new town building. This was duly provided, first occupied in 1895, and the accommodations are now ample. Suitable furniture has been purchased and put in place within the past year.

Justice George Farr deceased March 19, 1895. He was a considerate, humane and conscientious magistrate. In this department of the public business, as well as in many other affairs in

which his ability and character commanded public approval, his sudden demise is universally deplored and the value of his public services is emphasized by the unexpected close of a most useful career.

A large amount of extra labor in the office has been involved in the collection, rearrangement and numbering of all the writs and criminal complaints in chronological order from the institution of the court to the present time. The files have been placed in convenient cases and are now for the first time readily accessible for reference. An iron safe has been set apart for these records in the court room.

The statistical statements are intended to show fully and clearly all the business transacted since April 1, 1895 and the receipt and disposition of all funds which have come into the custody of the court in the same period.

The short period between March 1, 1895, the date of the close of the report for last year, and April 1, 1895, is not covered by the foregoing statistics of offences prosecuted or of accounts of receipts and expenditures.

The appointments to the office of justice and special justice have been as follows:

JUSTICES AND SPECIAL JUSTICES OF THE POLICE COURT OF LITTLETON.

John L. Foster, Justice, appointed September 10, 1874, resigned.

Charles B. Griswold, Special, appointed September 10, 1874, resigned.

John Farr, Justice, appointed February 24, 1877. Resigned. April 9, 1880. Died October 12, 1892.

Albert S. Batchellor, Special, appointed February 24, 1877. Resigned, March 29, 1895.

George Farr, Justice, appointed April 9, 1880; died March 19, 1865.

Albert S. Batchellor, Justice, appointed March 29, 1895.

There is no record that Special Justice Charles B. Griswold ever qualified.

REPORT OF TRUSTEES.

The trustees of the Public Library submit this report for the year ending the third Tuesday in February, 1896.

The appended report of Treasurer, Librarian and Committee on books will show briefly the workings of these departments of the library organizations.

It is with pleasure we note the growing interest in our library and reading rooms, in the applications for cards and the number of books taken and the appreciative spirit with which they are received.

The willing response to the vote for \$500 appropriation for furnishing the rooms in the new town building and the \$200 for the reading room show conclusively how the library is regarded by the citizens.

On July 1st we moved from the Rounsvel building where our library had its beginning in 1890 to our new and commodious rooms in the new Town building.

No time or pains were spared in the finishing and furnishing of the rooms and in making the appropriation accomplish its destined purpose. Utility and beauty were ever sought for. The walls were frescoed by Mr. McDonald. The furnishings are of old oak.

We have added to the stacking room a number of new alcoves, the most improved charge desk for the librarian, a storage cupboard with drawers and a fine delivery desk which stands in the archway between the stacking and reception rooms. See the treasurer's report for these expenditures.

We most gladly acknowledge the generous gifts of many of the library's friends:

Mrs. Ira Parker, a beautiful picture of the Coliseum at Rome.

Mr. and Mrs. Kilburn, a settle.

Mr. and Mrs. D. C. Remick, an oak table.

Mr. and Mrs. Wm. Mitchell, two chairs.

Mr. Maurice G. Cochrane, a beautiful vase.

Mrs. F. G. Chutter, a picture of the Parthenon at Athens.

Mr. A. S. Bachellor, framed certificate of the first library in the village.

Framed copy of first paper printed in New Hampshire, 22 newspaper files, Miss Anna L. Brackett.

The following books and magazines have been given to the library and reading room:

Three volumes of the history of the Wentworth family by Samuel H. Wentworth.

Memorial History of Boston; 3 volumes, S. W. Hodgman.

Century War Book; 4 volumes, B. W. Kilburn.

Montgomery's "The Way Out," B. W. Kilburn.

Papers for reading room, D. C. Remich.

Lippincott's Magazine, Rev. C. M. Howard.

Review of Reviews, A. S. Batchellor.

Cosmopolitan, Ladies' Home Journal, Munsey's, Mrs. Wm. H. Mitchell.

Christian Science Monthly, Mrs. H. F. Green.

"War in the East" and Churchman, Mrs. A. T. Moffett.

Two Manchester dailies from the publishers.

We wish to reiterate what has been said in the earlier reports that in many of our homes are doubtless books and magazines unused and unread which might be of untold benefit if placed in our library and reading room.

Respectfully submitted,

MANDANE A. PARKER, TREASURER.

REPORT OF COMMITTEE ON BOOKS.

It has afforded this committee no little pleasure to have heard again, and yet again, from visitors who possess a large knowledge of libraries, that few, and perhaps no library in the state of its size has such a wide range of reading or as good selection as this. The greatest pains have been taken to obtain the highest class of fiction, the most inspirational biography, the freshest on travel and the latest and most approved in science.

It has been most gratifying to notice the appreciation of these efforts and to see the constant call, not for the most popular, but for the best.

A public library up to date is a benefaction to be classed with the schools and to be placed not far below the churches. No investment for the amount invested can give larger returns, and we almost make bold to say none have a larger or better influence. One has said "Show me the books a people read and I know them." Looking over the librarian's report, we think as a community, we can be creditably known. To be sure seventy-six per cent. of the books taken have been fiction. What is fiction? Life represented as real, ideal, or exaggerated. The real in the hand of Dickens; the exaggerated as shown by Thackeray are correctives, while the ideal which has burst forth in this later renaissance through Ian Maclaren and Barrie, is indeed inspirational.

We can little know the benefit of the weekly visitation of 265 books into the homes of our town, or the 13,716 yearly. The enlargement of ideas, the broadening of views, the correcting of misconceptions, the enobling of purposes, the quickening of sympathies, the bringing of far-away lands and people to our very door, with their strange customs. The tracing the growth of literature, the development of history, and following the onward march of science. The books have become personalities and have grown into the life and become actual friends.

One of the first benefits of our library is, without doubt, to the schools; the class of books taken by the children bear largely upon their work, they are books of reference, history, travel, biography. It would do every citizen good to watch the eagerness with which the books are sought and read. Such should be en-

couraged by teachers and parents and it is the purpose of the committee to study their needs and to try and satisfy them.

The generous gift of \$500 annually made at our town meeting of 1894 is all too small to keep pace with the new publications and the needs of the people. The greatest care is taken and the most conservative expenditures are made, yet, with it all, it is not enough. This year instead of adding 250 books we could have easily added twice that number and made no mistakes.

The library and reading room has become another attraction of our town to the summer tourist. Its open doors gave many a welcome and its equipment furnished entertainment to not a few this last summer. It was more largely patronized than expected.

The reading room is well furnished with a number of daily and weekly papers and the latest magazines. It is patronized by both sexes. Many of the monthlies and some weeklies have been gifts to the room, we need not say a continuation of the same favors will be most acceptable.

A. S. BATCHELLOR.

REPORT OF LIBRARIAN.

TO THE TRUSTEES OF THE LITTLETON PUBLIC LIBRARY:

During the past year 13,716 volumes have been loaned, an average of 265 a week; 76 per cent. have been fiction; 4 per cent. history and travels; 3 per cent. biography. This includes a good number drawn for school work. As each of these are usually read by several pupils the circulation would be increased and percentage of fiction reduced, if full account of school work could be kept. At the beginning of the year the library contained 5,207 volumes, (this includes Government and State reports.) Two hundred and fifty have been added, 17 withdrawn, making the present number 5,446: 178 cards have been issued, bringing the number up to 1969.

Of the books added 91 have been by purchase, 17 donated by individuals, 142 from Government or State.

In the reading room we have the following magazines and papers:

Century Magazine.
 Harper's Monthly.
 Scribner's Magazine.
 St. Nicholas.
 Munsey.
 Cosmopolitan.
 North American Review.
 Forum.
 Lippincott's.
 Review of Reviews.
 Outing.
 Christian Science Monthly.
 American Missionary.
 Wheelman.
 Scientific American.
 Harper's Weekly.
 Youth's Companion.

REPORT OF Committee on Town History.

TO THE TOWN OF LITTLETON:

The Committee on Town History respectfully report that the work in their charge has made good progress the past year. The material for the treatment of the different topics and periods has been collected and made use of with an unusual degree of completeness. In the ecclesiastical part, the representatives of several denominations have not brought their contributions as yet to a satisfactory perfection. Many families should be again reminded that if their lineage is not shown to such a point of remoteness in point of time as would be practicable with their active and interested cooperation, the result must be regarded as one as to which the town and its committee have called attention in advance by urgent and repeated appeals for the production of records. The request is now repeated in the language of the circular which has already been given in the local papers and which we suggest be made the guide of action by representatives of Littleton families in the closing days of this undertaking.

TO ANY MEMBER OR DESCENDANT OF A LITTLETON,
NEW HAMPSHIRE, FAMILY.

LITTLETON TOWN HISTORY.

We have supplied you with blanks for use in preparing a record of your family for the department of genealogy in the forthcoming town history. It is very desirable that the fullest possible record of each family that has been identified with the town be obtained. This would embrace your ancestors as far back as you could trace them. The most convenient way for

dealing with this subject is to use one blank for each family, father, mother and children. Write the names in the proper places as indicated in the blanks provided. There are several sources to which you may resort for the required information.

1. The records in family bibles and family charts.
2. The recollections and information of relatives particularly those who are aged.
3. Record on tombstones in places where the family have resided, or its members have been buried.
4. Town records, tax books, registers of marriages, bans, etc., and various personal certificates.
5. Church records.
6. Town Histories, especially those of Massachusetts, Connecticut, Vermont and New Hampshire. The very complete collection of these books in the New England Historic Genealogical Society's library on Tremont street, Boston, and in the State Library and the Library of the Historical Society at Concord, will yield much valuable information to those looking up family history. Many of the towns in which your ancestors resided have published town histories which contain full family records traced back in many instances to the ancestors who first immigrated to America.

7. The state papers and war rolls which have been published in recent years are a great assistance in such researches. Among these are Hammond's Revolutionary Rolls.

Ask the assistance of your relatives and neighbors whenever you need it.

You will doubtless find the investigation of your family record interesting as well as profitable.

In this affair delays are especially hazardous. The sooner the compilation of the record has your attention the better; for every moment some fact is forgotten; some record lost; or the possessor of some valuable material for your purpose dies and it is buried with him.

* * * * *

In the past year changes have occurred in the membership of the committee.

George Farr, whose loss is universally felt in this community, was chairman from the first organization of the committee. He

was intelligent and faithful in his interest in the enterprise and his loss is deeply deplored by his associates.

His cooperation was particularly needed in respect to matters of military history wherein he was well equipped by experience in the actual service and personal familiarity with the subject.

Mr. Batchellor has been made chairman, and the place he thus vacated was filled by appointment of George C. Furber.

Mr. C. H. Green has also been a most valuable co-worker with us as a regularly-appointed proxy under authority of the vote of the town.

It is recommended that citizens who would desire to have their family history inserted in a satisfactory way, consult Mr. Furber or Mr. C. H. Greene at once in regard to it. Through them it can be readily ascertained whether a given record is in proportion by the committee and if it is, what its extent and character is. This should not be delayed. These gentlemen may be conveniently consulted at the time of the annual meeting or at any other day at the town building.

We have regarded it as the best policy to have the writing of the narrative and the compilation of the family records completed before any of the copy should be given the printer.

It is quite probable that corrections must be noted from time to time and it is better that they be made in the manuscript than as an appendix to pages already printed. For this reason it has been deemed advisable to put the work in the hands of the printer in a body as soon as possible, and then to push it to an immediate completion, rather than to adopt the other course in which the printing would be delayed and disturbed by the necessity for changes constantly occurring according to the requirements of newly-discovered material.

Respectfully submitted,

A. S. BATCHELLOR,	}	COMMITTEE.

Remarks.

DISTRICT TEAM.

The labor of the team during the year has been classified as follows:

Ten days on Hillside park.

Seventy days sprinkling streets.

Three-fourths day, Littleton Park association.

Forty days hauling curbing and sidewalk materials.

The balance in all-round work, consisting of hauling sewer pipe, making excavations, cleaning up streets, on highways, rolling and carting snow, cleaning and sanding sidewalks, etc.

SEWERS.

Six hundred feet of eight-inch sewer was constructed on Willow street and connected with the Grove street line.

On Oak Hill Avenue there was put in fifteen hundred feet of twelve-inch sewer, starting at a point on and connected with the Pleasant street line, and running up the avenue to nearly opposite the Trombley house. This line was built partly to carry off the surface water from Hillside park, as well as to drain the park of the swamp water that must necessarily be removed before the grounds could be permanently improved, and the commissioners have therefore charged the park appropriation with about two-thirds the cost of that part of the line abutting the park grounds on the avenue.

An extension of the School street line has been made, running in a northerly direction on this street from its former terminus to a place opposite the house of H. E. Currier.

On these lines there have been built two manholes of brick and cement and ten catch basins which have been severally connected with the sewers and which have also been suitably fitted with necessary sewer castings, consisting of sanitary traps, basins and covers.

HIGHWAYS.

Mr. S. D. Tilton has made a second deposit with the commissioners of one thousand dollars to guarantee good work in concrete paving of streets and sidewalks constructed during the past year, and interest at the rate of four per cent per annum has been paid him on the sum of two thousand dollars, to March 1, 1896, in accordance with the terms of his contract with the district.

A petition dated July 17, 1895, signed by one hundred and fifty-four tax payers in the district, was presented to the commissioners requesting them to extend the concrete work on Main street from its former easterly terminus up Main and Union streets to the easterly end of the town building, and on Cottage street from Main to the railroad track.

In accordance with said petition your commissioners contracted with Mr. S. D. Tilton to execute this work, he guaranteeing to save the district from loss by reason of any part of the concrete settling within the next five years.

The petition and guaranty are included in this report as is also a statement of the amount expended on this extension. Money for the payment of this work was borrowed upon the credit of the district.

TO THE COMMISSIONERS OF LITTLETON VILLAGE DISTRICT:

The undersigned citizens and tax-payers of said district respectfully represent that, in their judgment, the best interests of the district will be subserved by concreting this year Main street from the point where the present concrete ends to the easterly end of the new town building, and to the northerly end of the bridge to the railroad track.

We, therefore, respectfully request you to cause said concreting to be done at once. If enough money was not raised at the last annual district meeting to fully pay for the work, and other work necessary to be done upon the streets during the coming season, then we respectfully request you to borrow such sums as are necessary upon the credit of the district, and we pledge you our support in carrying out the program herein stated.

Littleton, N. H., July 17th, 1895.

In consideration that the Littleton Village District contracts with me to complete the concreting of Main street to the easterly end of the new Town Building and to the northerly end of the bridge, and that portion of Cottage street between the southerly end of the bridge and the railroad track the ensuing season, I will guarantee the said District against any loss, cost or damage by reason of any portion of said concreting settling within the next five years, and if any portion does settle, I will repair and replace the same in a workmanlike manner free of expense to said District.

S. D. TILTON.

Littleton, N. H., July 17, 1895.

WITNESS, J. W. REMICK.

CONCRETE WORK DONE UPON PETITION OF THE TAX PAYERS.

Expense grading 5,205 yards street surface	\$ 780 75
Expense laying 5,205 yards concrete paving	5,205 00
Expense laying 15 yards crossings	15 00
Expense laying 342 8-9 yards sidewalks, 60	205 73
Expense grading and leveling sidewalks	75 00
548 feet curbing, set	411 00
4 catch basins complete	100 00
	<hr/> \$6,792 48

The foregoing is included, as below, in the account of

Highways	\$6000 75
Sidewalks	691 73
Sewers	100 00
	<hr/> \$6,792 48

FIRE ALARM SYSTEM.

Location of Fire Alarm Boxes.

- No. 42, corner Cottage and Mt. Eustis streets.
- No. 43, corner Cottage and South streets.
- No. 44, near West end of Union block.
- No. 45, corner High and School streets.
- No. 46, corner Main and Saranac streets.
- No. 47, corner Main and Meadow streets.
- No. 48, front of Saranac Glove Shop.
- No. 49, South St., near J R Jackson's residence.
- No. 52, corner Union St. and Eafayette Ave.
- No. 53, corner Pleasant St , and Chiswick Ave.
- No. 54, Union St , near Geo. A Edson's residence.
- No 55, front of E. H. Wells' store, Apthorp

DIRECTIONS.

The glass covered box on side of alarm boxes contains the key; get the key by breaking glass, and open alarm box; pull down the hook, letting go at once. For second alarm pull down the hook after first alarm has rung.

The alarm will indicate the station from which the signal was given. Thus, a signal at Station No. 42 will be sounded by four strokes of the bell, followed by two strokes. This will be repeated so that notice will be clearly given that a fire has broken out in the vicinity of Station 42, if that be the case, because the alarm sounds a four, by four strokes of the bell and a two, by two strokes of the bell. In this way Station Forty-two is indicated. The other stations will be indicated in a similar manner, the second number struck by the alarm bell corresponding to the number in unit's place, either 2, 3, 4, 5, 6, or 7, as the case may be.

INVENTORY OF PROPERTY AT HOSE HOUSE TAKEN MARCH 1, 1896.

- 10 lengths cotton hose, 50 feet each
- 56 lengths leather hose, 50 feet each
- 2 lengths leather deluge hose, 25-foot
- 4 leather play pipes
- 5 30-inch standard play pipes
- 1 set deluge and perfection holders and nozzles
- 6 expanders and reducers
- 4 stiff play pipes
- 13 nozzles for play pipes, 5 deluge nozzles
- 2 shut-off nozzles
- 4 Siamese connections
- 6 spanner belts
- 15 spanners
- 12 hydrant wrenches
- 1 large hydrant wrench
- 3 ladder hook straps
- 6 hose jackets
- 2 plaster hooks
- 3 pickaxes
- 2 axes
- 2 picks
- 2 spades
- 5 tin pails
- 4 wood pails
- 1 pail and dipper
- 2 16-foot ladders
- 1 25-foot hook ladder
- 3 35-foot ladders
- 1 20-foot ladder
- 2 20-foot hook ladders
- 1 22-foot hook ladder, broken
- 2 14-foot hook ladders
- 1 24-foot ladder
- 1 fire supply wagon

- 1 50-foot extension ladder
- 1 25-foot fire hook
- 1 hook on pole
- 25 rubber coats
- 20 firemen's hats
- 8 lanterns
- 2 red lanterns
